Subject: bank of Wlmart

Attn. Martin J. Gruenberg, Acting Chairman

FDIC Board of Directors

I feel that it is not in the best interests of our country to have a bank of wlamart. As the largest employer in the world they already ontrol enough of our economy, but now to let them deal with our money would be absurd. They are already monopolizing the world why let them take over finacially? It is a bad idea on your part to let these people start a bank, they cant even take care of their employees, or treat them fairly why let handle money

Sincerely,

Andy Goering
